Description: Claytons is a substantial detached Edwardian village house. For many years, part of the property was the former post office and village stores, but is now a beautifully presented family home, having been sympathetically and extensively refurbished and improved over the last 10 years to a very high standard to provide spacious, flexible and well-proportioned accommodation of just over 2,700sq.ft (plus a double garage), which also benefits from good natural light, as well as a combination of some lovely period and contemporary features, which have been thoughtfully considered to provide a seamless blend of both character and comfort.

The accommodation is arranged over two floors and includes a spacious reception hall with travertine tiled flooring and doors leading to: a double aspect reception room with an attractive bay window; a sitting room with an open fireplace with a wood burner and fitted shelves; a good-sized study/play room; a large, beautifully appointed kitchen/dining/family room, which extends to over 30ft, has travertine tiled flooring, an extensive range of bespoke shaker wall and base units, Quartz work surfaces, built-in oak dresser, range cooker and double butler sink. There are bi-folding doors leading out to the garden and doors lead to a utility area and WC and to an inner hall with stairs to the first floor. On the first floor there is a spacious landing leading to four double bedrooms – with two of the bedrooms enjoying far reaching views over surrounding countryside – a well-appointed ensuite shower room and a large family bathroom with panelled walls, a freestanding bath, and a concealed rain shower.

Outside, the property is accessed from the front via stone steps and a path leading to the front door, and to the rear via a private driveway (shared with two neighbouring properties), which leads to a parking area and a double garage. A gate gives access to the rear of the house, where there is a landscaped garden, which is very private with a lawn and large terrace outside the kitchen/dining room. The garden is bordered with mature beech hedging and planted with a variety of mature shrubs and plants.
